This year the yearbook staff has decided to go back to the old theme of "Visions of Yesterday". This theme seemed to be an appropriate one for a high school yearbook. High school is a time full of memories, both happy and sad. These times play such an important part in growing up that they should never be forgotten. We have tried to make this year's book a publication that will keep these memories fresh in your mind. Things are changing so fast in today's world, that we would like the yearbook to be a reminder of the way things were "When you were in school".

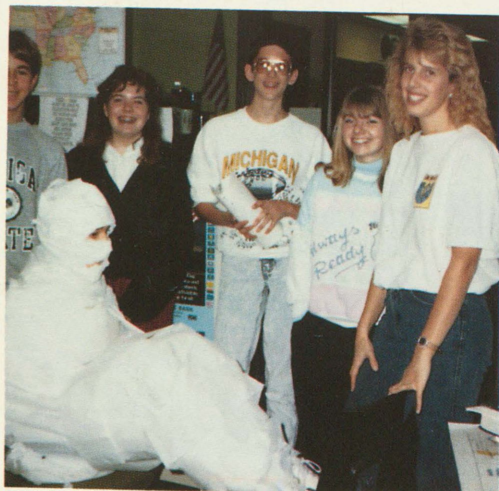

This year's publication also includes more color pages and more candids than before. This has been done in an effort to include more faces in our book. Many hours of hard work have gone into making this yearbook something that will interest everyone. I hope that we have succeeded in including something that everyone can enjoy. Best wishes to everyone and happy reading.

HOMECOMING

Queen Tammy

1989 Homecoming Queen Tammy McCrum.

"I am so excited and honored to think that my classmates have chosen me to represent Freeland High School. I thank you and I hope that I will represent you well. I will strive to be worthy of your trust.

I would like to thank my parents for teaching me a good set of values and for always being there for me. I would also like to thank my teachers and the administration for being patient and caring."

Tammy was a member of the Homecoming court in her junior year. Tammy has participated in softball and dance. She especially enjoys being with friends and also enjoys snow skiing. Tammy plans on attending Delta College to earn her degree in Business. She will also work to earn a degree in cosmetology and to someday have her own business. Tammy looks forward to the day when she will have her own family.

Congratulations to Tammy, the 1989 Homecoming Queen.

At 6:00 on September 29, 1989, the Homecoming Day Festivities began. The celebrating began with the parade, which included the band, floats, cheerleaders, poms, and assorted clubs. Next, came the football game, with a large crowd cheering the team on. The evening came to a climax when Tammy McCrum was crowned 1989 Homecoming Queen during the half-time ceremonies.

The Varsity golf team finished the season with a 6-6 record. This year's team was made up predominately of underclassmen. Dave Romanowski was the team's only Senior.

Dave Romanowski, Chad Byron, and Scott Burnell all earned all conference honors. Dave and Chad also qualified to compete in the State Finals.

This year's Freshman class turned out seven golfers two of which earned Varsity letters. The team returns eight out of nine varsity golfers. This will provide a strong nucleus for the up-coming years.

Returning co-captains Leigh Davy and Nancy DeFrancesco were both named to the Tri-Valley All-Conference team. Between the two of them, they averaged 28 points per game and are looked on to add punch to next year's offense.

Kris Bielski, Jenny Woods, and Chris Cox averaged 15 points and 20 rebounds as a group and will also be a great asset to the 1990 squad.

Jody Kietzman, Ashley Gasta, Jenny Wagner and Tanya Fitak will be looked to to use their experience and skill to add depth to the team.

Front Row: J. Engle, K. Freeman, K. Bielski, J. DeShone, J. Kaczmarczyk, Back Row: H. Archambault, A. Guevara, B. Lennon, J. Learman, W. Sieggreen, Coach Davy

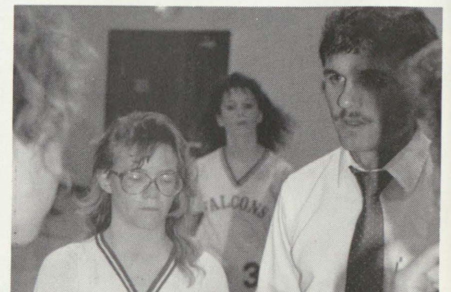

This year's J.V. Girl's Basketball team had a tough first season in the TVC, but finished the season with an overall record of 5-13. Here is what Coach Davy had to say about the season:

"While our record of five and thirteen appears a little less than threatening, we were respected around the league. We played aggressive defense and an organized offense. Our season consisted of hard work on the fundamentals and as a result we had some very exciting and crowd pleasing games, such as a double overtime game at Birch Run. Our team showed the basics of the game, hard work, growth, and unity.

After three years of cross-country, I've learned that the right mental attitude can accomplish alot. Running three miles a day takes alot of mental as well as physical effort. Cross-country has shown me that if you have the desire to be a good runner, you can be.

James McGaw

In their first season as a member of the Tri-Valley Conference, the boys and girls cross country teams did a fine job.

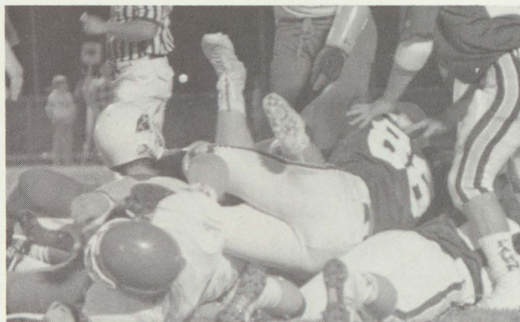

The boys team finished the season with a 4-4 record, and the girls finished with a 6-2 record.

The teams had three members on first team All Division, three members Second Team All Division, and three honorable mentions. There were no seniors on either team this year, so there should be a strong foundation for next year's team.

Gets A Fresh Start

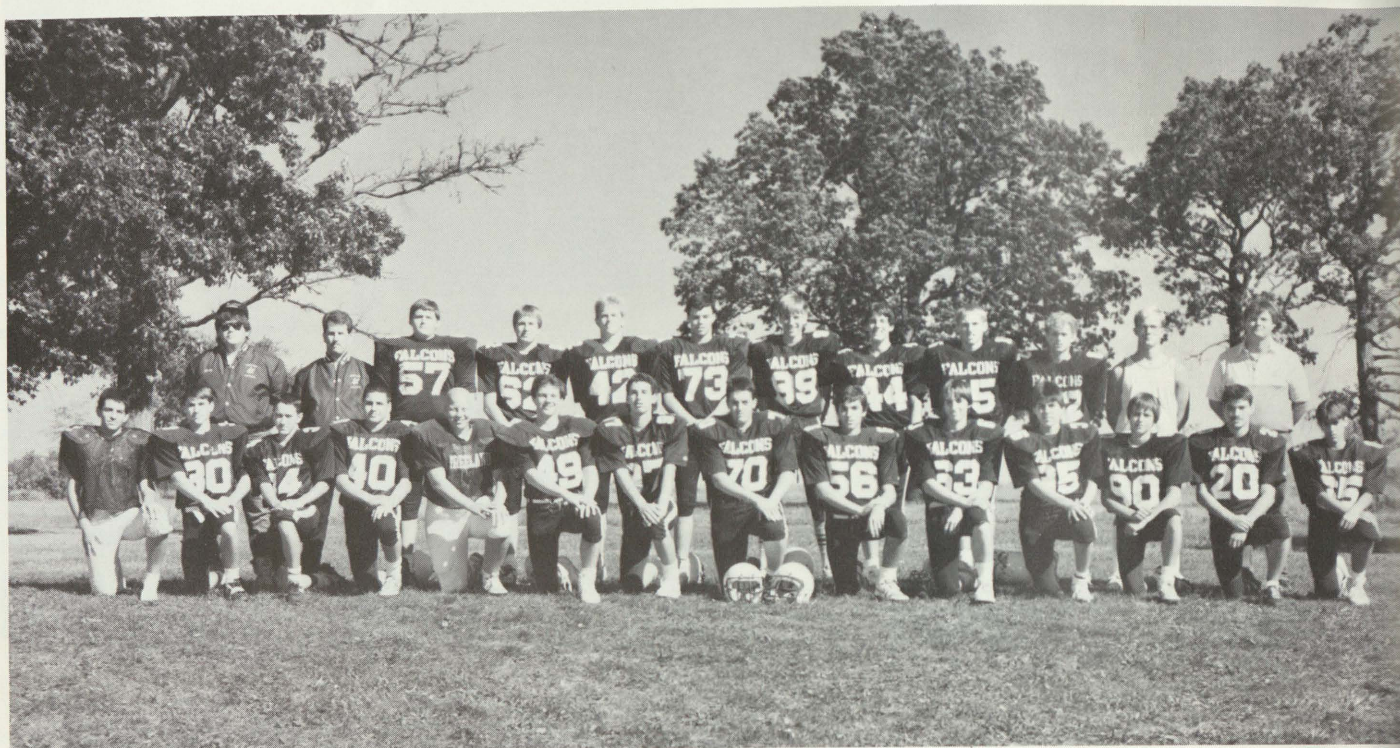

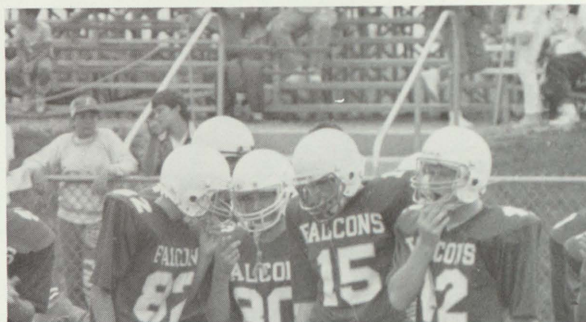

The Varsity football team got off to a fresh start this season with a new coaching staff and an almost completely new roster. Although the team finished the season with a losing record, they put up an excellent effort against each team that they faced. Especially impressive were the 36-22 fight against Carrollton and their near win over Shepherd who went on to be undefeated. Congratulations to the team on an excellent season.

The J.V. coaches, deep in thought.

The team goes over their first half performance.

T. Bell and the team doctor check for injury.

J.V. Football was once again coached by Mr. Franz and Mr. Kassuba. The team's record was 2-6-1. Both coaches feel that this does not accurately reflect the spirit and ability of the team.

The J.V. team lost four players to the varsity and had a few key injuries. With a little time and practice, the team should make a welcome addition to the program in upcoming years.

The 1989-90 Varsity Basketball team, coached by Mr. Franz, had another outstanding season. The Falcons had strong offense and defense all year and many of the games were very close. Included in these were the season finale against the Carrollton Cavaliers. The game went into overtime, but the Falcons came out on top, not only with a win, but with the TVC Co-championship as well. This was a very big accomplishment because the Falcons played some very tough teams. Congratulations to Mr. Franz and the team on a very exciting season.

J.V. Basketball

On the J.V. level success is measured on how well you play during the second half of the season. This year the J.V. team started out 5 and 5 during the first half and ended up 6 and 4 during the second half of the season. Their successful season can be attributed to working hard in practice and unselfish play during games.

What I have learned through wrestling has surely molded my personality and will stay with me throughout life. I've learned that to be disciplined you must do it yourself. "1990 was a fun and successful season for the Freeland High School gymnastics team. The team consisted of a great group of girls who were extremely supportive of each other. By working together the team placed 1st at the Adrian Invitational, 2nd at Regionals, 3rd at the Midland Invitational, 4th at the Freeland Invitational and 7th at State. Our regular season record stands at 4 wins and 2 losses. The highlight of our season was hosting the High School State Championships at SVSU.

Our team struts their stuff.

Our season was a success this year in that we showed a great deal of teamwork and competitiveness. Our won-loss record does not show all the "close" matches or all the games w fought hard for and deserved to win. Each player put forth one-hundred and ten percen and displayed a great deal of spirit. The record book also does not reflect the amount o dedication and determination we had. We learned to believe in ourselves, which is one o the many new things we finally achieved. I am proud of this years volleyball team and t have been a member of it. I wish the very best of luck.

T. Kozumplik at his best.

Participating in soccer has taught me many things. I have played soccer for four years now, two seasons a year. Our first years were rough and although we are still learning, we have improved greatly due to the fact that we now know what teamwork means. Another thing I have learned is that it takes hard work; very hard work to just become a mediocre soccer player. I devote much of my time to soccer. Devotion is not just hard work but it takes a whole-hearted feeling to be devoted. One last thing that I have learned is that soccer is not a "wimp's" sport like so many people think it is.

I plan and hope to play soccer for Virginia Tech and I know I will need all, if not more, of what I have learned about the sport. I thank the Lord with all my heart for how far He has brought me, and I pray that He will bless me enough to take me even further.

The team waits for play to resume.

There was a very stiff competition, but the Symphonic group came out with straight first division ratings for the twelfth year in a row. The group then traveled to Holt High School for State competition, where they received a second division rating. Congratulations on another year of fine performances!

Exchange Student Finds Stay Memorable

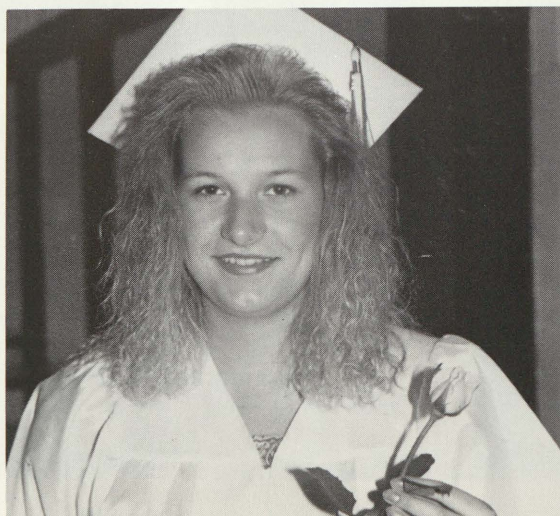

Hi. I'm Britt Johansen from Denmark, the only exchange student at Freeland High this year.

When I first came here, August 9, I didn't know what to expect of "those Americans," but everything turned out to be just great.

Then I moved in with the Youngs, and we got along great right from the beginning. I want to thank them for being so nice to take me in their home on so short notice. I love them all very much.

I also want to thank all students and teachers for being so nice to me, and helping me with the difficulties throughout the school year.

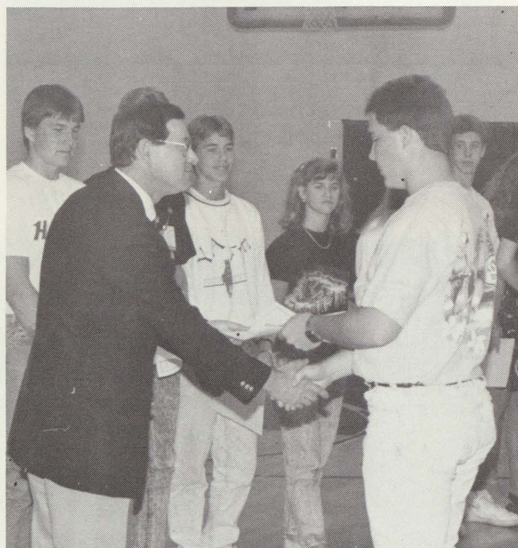

Council Helps Make

This year's Student Council officers were: President, Ronda Bell, Vice-President, Eric Knoerr, Secretary, Lee Hedrick, Treasurer, Jack Krause and Advisor, Mr. Jacobi.

This year's council started the year off right by organizing another fun and successful week of Homecoming activities with the help of the class councils. They also sponsored another successful blood drive with the assistance of the community, and the staff and students of FHS.

Seniors

This year's Senior class officers were: Amy Bosco, Kim Youngblade, Dean Emerson, Stacie Young, Sheila Ouellette and Pam Savage. As usual, the senior class council had a very busy year. They were kept busy all year organizing and raising funds for Senior Activities such as Senior Banquet, Baccalaureate and Commencement activities.

Another Year Successful.

Juniors

This year's Junior class officers were: Amy Hoffman, Leigh Davy, Tina McKellar, Kurt Lentner, Amy Schofield, and Stephanie Wieck.

The Junior class had probably the busiest year of all. They spent the majority of the year organizing and planning for their prom, "The Time of My Life," which was held at Treasure Island. They also began to raise money for their upcoming Senior year.

Sophomores

This year's Sophomore class officers were: K. Schauman, S. Zientek, K. Sanborn, A. Magyar, K. Hoffman, and J. Smith. The Sophomore class had a busy year also. They began the year by building their Homecoming float. They then spent a good portion of the rest of the year beginning to fundraise for their prom next year.

Freshmen

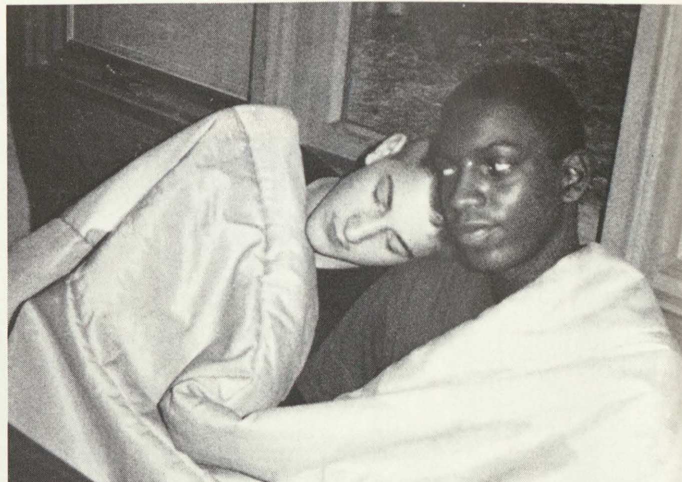

This year's Freshman class officers were: W. Sieggreen, S. Bench, K. Ward, L. Terrien, B. Lennon, and K. Richter.

The Freshman class got their first taste of High School this year and began the year by helping out with Homecoming activities and building their first float. They also began fundraising for activities in the years to come.

The Winds Of Democracy

The winds of democracy have swept through the world this past year. These events deserve to be remembered because they are watersheds in modern history. Lech Walesa, once an exiled electrician, is now the leader of Poland. Vaclav Havel, who spent years in jail, writing plays and poetry, is now the leader of Czechoslovakia. Hungary brought back heroes of old to regain a democracy. The old despots of Bulgaria and Romania are gone. Nelson Mandella was freed from years of imprisonment. He continues to fight against his country's apartheid system. Even the Soviet Union has gone through massive changes towards democracy. But, we shouldn't forget the students of Tiananmen Square and the people of the Baltic States who are seeking their freedom. Hopefully we all will be free someday.

Both the East Germans and West Germans alike celebrated Nov. 9, 1989. On this day, the Berlin Wall, which has separated the city of Berlin in half since 1961 was officially "torn down." Thousand of East Germans poured into West Berlin while other Germans celebrated at the wall. They took pieces out of the wall while celebrating with their countrymen. Currently, the Germanys are seeking possible reunification.

The United States invaded Panama on Dec. 17, 1989. The invasion was due to despot Manuel Noriega's overthrowing of the democratic government under Guillermo Endara. Noriega, also a known drug trafficker, found refuge in the Vatican embassy after being forced there by U.S. troops. Noriega surrendered to the troops days later to face drug trafficking charges in the United States.

An earthquake, measuring 6.9 on the Richter scale, ravaged the Bay Area of California on Oct. 17. The quake claimed 64 lives, injured over 3,000, made 14,000 homeless, and destroyed billions of dollars worth of property. Included in the tragedy was the collapse of Interstate 880, which crushed dozens of motorists.

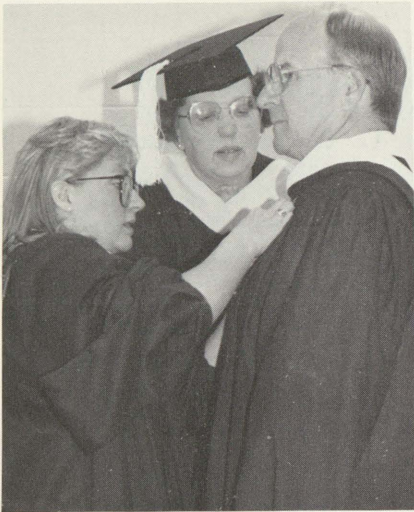

On September 21 and 22, Hurricane Hugo swept the Carolina coastline after ripping through several islands of the Carribean. Being one of the costliest storms to hit the mainland, it destroyed one third of South Carolina's forests, severely damaged an excess of 36,000 buildings, making many homeless, and did an estimated $5 billion worth of damage. Eighteen people lost their lives.

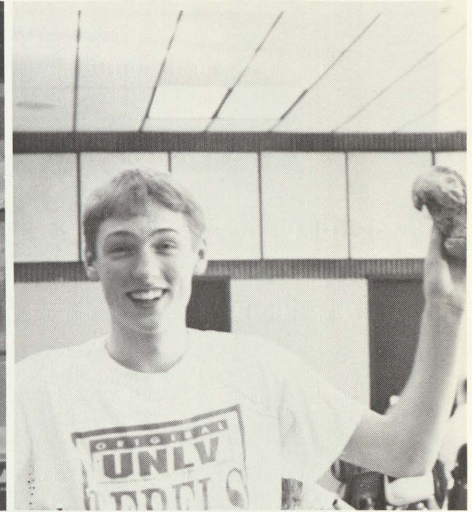

An estimated 200 million people around the world celebrated the 20th anniversary of Earth Day on April 22. Their goal was to bring awareness to man's negative effects on the world and to take action to alleviate them.

NASA put the Hubble telescope into orbit this spring. Costing $1.5 billion, it is NASA's most expensive unmanned spacecraft. Now, astronomers will be able to study stars and galaxies 14 billion light years away.
